

# Join Backbeard's Crew

Backbeard is looking for new pirates to join his crew on the *Five o'clock Shadow*. Sweaty McGee, Mad Garlic Jack, and Scarlet Doubloon need help sailing the ship. What would your pirate name be if you joined Backbeard's crew? What would your job be on the ship? Some pirate jobs were:

**Quartermaster** (in charge of the treasure), **Sailing Master** (read the maps), **Gunner** (in charge of cannons), **Boatswain** (in charge of supplies), **Carpenter** (repaired the ship), and **Cook**. How would you dress? Draw a picture of yourself as a pirate on the *Five o'clock Shadow*.
