

Make a Backbeard Pirate Sword

This project requires a full sheet of newspaper and some tape. You can use the Sunday funnies for a colorful sword, or use sheets of colored craft paper. The paper can be decorated with stamps or other patterns before rolling if desired.

1. Lay out the full sheet of newspaper on a large table or the floor.

2. Tightly roll the paper diagonally from one corner to the opposite.

3. Tape center to secure.

4. Bend up one end into a "D" shape to form a handle.

5. Make the handle just big enough for your hand. Tape it in place.
