

Where in the Universe Would You Buy That?

Earth isn't the only place to get a bite to eat. Can you invent a snack stand that's out of this world?

Name of the restaurant:

The Moon Rock Cafe

Location:

The Moon

Kind of food served:

Moon rock candy

Moon rocky road ice cream

Oysters Moon Rockefeller

About the restaurant:

In 1969 Neil Armstrong landed on the
moon and complained that there
weren't any good restaurants nearby.
The Moon Rock Cafe was built to fill
that need.

Today, the cafe is a popular stop for
Moon visitors from all across the
galaxy.
